

second chance series

BY MILE HIGH WORKSHOP

MILE HIGH WORKSHOP WANTS TO PARTNER WITH YOU!

[Mile High WorkShop](#) is a nonprofit employment and job training program for those facing barriers to work.

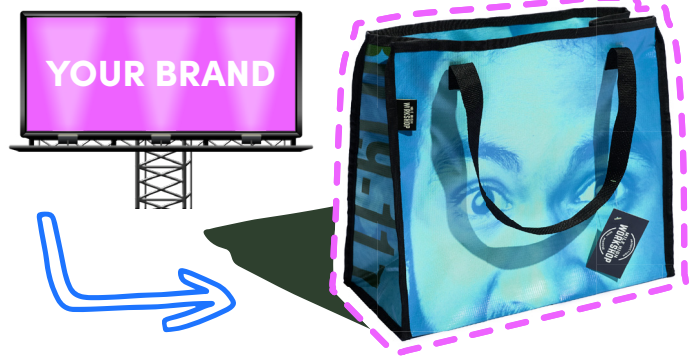

We assemble & manufacture products for brands such as Adobe, Vans, Adidas, Kong and Everpillow. Specifically, we specialize in kitting, sewing, assembly and second chances.

What do we mean by second chances?

We provide participants with transitional employment opportunities as they work in their shop and learn the skills they need to rebuild their lives.

Together, we can make a more prosperous world, where barriers to employment are eliminated. Where all people are empowered by meaningful work. Where everyone gets a second chance. With your help, they won't need a third.

Repurposed vinyl with purpose.

Brands often look for ways to give back and show the world how philanthropic and sustainable they are. This is a fantastic opportunity to partner with an awesome nonprofit and create a cool product to use for your brand.

In one innovative process, we take your old vinyl billboards and banner ads and turn them into one-of-a-kind tote bags. Contracting with us, you're helping provide job opportunities while creating a more sustainable product lifecycle.

Our Impact

Since 2014, MILE HIGH WORKSHOP has hired **150** participants.

73% of employees who spent over 90 days with us moved on to productive CAREERS.

Our participants have earned **\$1.5M** in production income to support their personal development.

Employee revenue covers **66%** of program expenses. We have to get creative to cover the remainder.

THIS IS WHERE YOU CAN HELP.

Banner FAQ's

Shipping Your Banners

Please send to:

Mile High WorkShop
Attn: Sew Shop
3795 E 38th Ave.
Denver, CO 80205

Ship via one of the options below:

- Flat, as is, on a pallet
- Flat, as is, in a box
- Folded once in a box
- Folded least amount of times, in a box.

Larger banners:

Cut into strips 7' x 5' Folded neatly on a pallet

If you aren't able to send in the above specifications, additional fees may apply to prepare the banners for production. MHW will ship finished products back to you and include this on the final invoice.

If you have a UPS or FedEx number you would like to use please provide upon placing your order.

Banner Check-In Process

Please allow a few days for MHW to check in your materials so we know what we are working with. This allows us to ask more questions and let you know what we see! You will receive follow up questions from us such as: Did you know there is a big hole/ wind flaps/ grommets in your banner? Do you want to use these logos? Are you aware your banner is dirty?

Cleaning Of Banners

A brief spot clean is included on each bag, but we do not clean the entire banner. If it was hanging outside or in a construction zone please clean it the best you can. If you are interested in having your banner cleaned by Mile High WorkShop please let us know. This is an additional cost.

Special Designs

Please inform us of specific images/logos or parts of your banners to be used or not used. Banners are normally stack cut which prevents specific layouts, so any special preferences will be charged at an additional cutting rate of \$30/hour.

Extra Costs

Extensive cleaning, special cutting, and shipping are considered additional costs and not included in the per unit rate. MHW will inform you if there are additional costs before moving forward and you will be able to approve.

Extra Material

Extra material will not be kept by MHW. Let us know if you want us to ship the remaining materials back to you. If possible, please only send the material we will use for your banner bag order.

Custom Tags Are Available

We require orders of 300 units or more for custom tag creation. There is a per tag fee (ranging from \$.30- \$.65 each) and a design and processing fee of \$150. These tags are sewn into the side seam of the bag. Please allow additional time to create and order these tags.

MHW Hang Tags

Hang tags are attached to each bag telling the MHW story.

Samples

We can provide samples. Please reach out to learn more about our pricing and sample options.

Quality Control Concerns

Please let us know if you have any specific requirements as far as quality control. We want to do the highest quality job we can for you, but don't always know your expectations.
